Spotlight on Innovation and Excellence in India's Retail Sector

Powered by Vegas, the 20th edition of IMAGES Retail Awards, involved industry-wide voting from over 111 of India's leading shopping centres

By IMAGES Retail Bureau

The curtains were drawn on the 2-day Phygital Retail Convention (PRC) 2024 in Mumbai with the IMAGES Retail Awards (IRA) 2024 ceremony celebrating excellence in the business of retail in India.

The spectacular evening, anchored by international TV presenter and host Lee Clark, actor and playwright Anish Trivedi and singer-actor Manasi Scott featured high-energy music and dance performances, and fashion shows by Mufti and Vero Moda topping up the recognitions bestowed across over two dozen categories. While actor Simba Nagpal walked the ramp as a showstopper for the Mufti, actress Anerri Vajanii charmed audiences as a showstopper for Vero Moda.

Powered by Vegas, the 20th edition of IMAGES Retail Awards involved industry-wide voting from over 111 of India's leading shopping centres, as well as an extensive process of over 200 Live presentations, adjudicated by an illustrious panel of jurors.

The awards were given under two categories; Industry Poll and Nomination based categories. The awards were adjudged based on performance in operational benchmarks along with qualitative factors such as product and marketing innovation, social responsibility initiatives, company practices and industry goodwill, among others. The coveted IRA trophies for 2024 went to India's most forward-looking, innovative, and exciting brands, retailers and professionals for achievements in the year 2023-24.

The Jury

The IRA selection process benefited greatly from the expertise and insight of its esteemed jury members. The list included:
